

# TRAVELING TO NEW YORK CITY FOR ATU'S 61ST CONVENTION

To travel to and from NYC, you can use planes (flying into JFK, LaGuardia, or Newark), trains (Amtrak, NJ Transit, Long Island Railroad, Metro-North Railroad), bus (Greyhound), or cars, and utilize public transportation within the city.

Please note that the ATU is not arranging for shuttle service for delegates and guests to/from airports, train stations, bus stations, etc. and the Convention at the Hilton Midtown.

## By Plane:

### Major Airports:

The NYC area has three major airports: John F. Kennedy International Airport (JFK), LaGuardia Airport (LGA), and Newark Liberty International Airport (EWR).

### Getting to/from the City:

- **JFK:** Use the [AirTrain](#) to connect with the subway, buses, and other rail lines.
- **LaGuardia:** Accessible via public transportation and taxis, with a taxi ride to midtown taking about 20-40 minutes.
- **Newark:** Consider Newark as an option, especially if Manhattan is your destination, as the cab ride to Manhattan is shorter than from JFK.

Each airport and terminal will have a different set of instructions to find the taxi/ride-sharing services area.

## JFK

To find a taxi at John F. Kennedy International Airport (JFK), you can go to the taxi stand outside of each terminal. You can also get help from the Port Authority Welcome Center in the arrivals area.

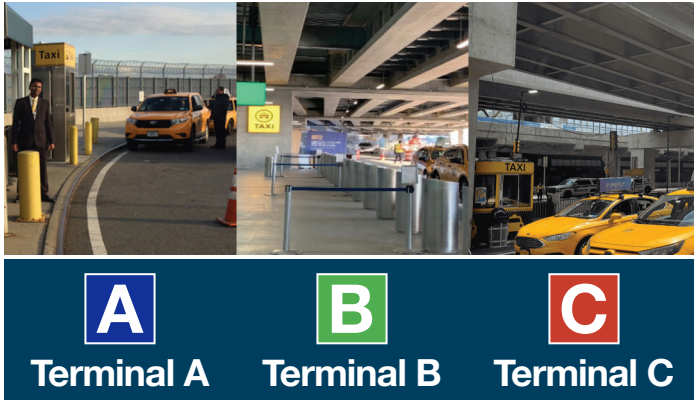

Find the taxi stand: Look for the yellow signs and markings outside of baggage claim in each terminal.

You can also book a taxi using the SIXT app. Tipping is customary for good service, usually 15–20%.
