

ATU CORONAVIRUS (COVID-19) ALERT

DEMAND PROTECTION FROM EMPLOYERS!

ATU has been closely monitoring the coronavirus (COVID-19) and the threats it poses for our members and the riding public.

The ATU International has launched a Command and Response Center to provide a rapid response mechanism to address the ongoing and ever-changing crisis associated with the Coronavirus (COVID-19) pandemic.

The International has been working with our Locals to ensure that transit agencies and private contractors are protecting our members' health, safety and security on the job.

OUR DEMANDS TO TRANSIT AGENCIES AND PRIVATE CONTRACTORS INCLUDE, BUT ARE NOT LIMITED TO:

- Increased health and safety measures for transit workers and the riding public, including gloves, masks, sanitizers, and all PPE needed.
- Pandemic leave for anyone showing symptoms of COVID-19, exposed to them, or with family or childcare obligations resulting from shutdowns.
- Rear door entry and fare elimination to support social distancing.
- Retaining employees and maintaining wages and benefits during service curtailment.
- Strategic continuation of service to avoid overcrowding.
